Lovecraft Reread

"Welcome to the H. P. Lovecraft reread, in which two modern Mythos writers—Ruthanna Emrys and Anne M Pillsworth—get girl cooties all over old Howard's original stories. Together they hope to explore both the awesome and the problematic, both the deliberately and accidentally horrific. Reading order will be more or less random. As the Great Race of Yith would point out, if they cared enough to do so, linear time is merely an illusion anyway."
