The Game

“[*Magikarp Makover*](#)” by librarian Jennifer Goudeau is a Honey Heist hack reminiscent of Pokemon Mystery Dungeon games. In this game of found family and hijinks, you play as a group of Pokemon helping your friend Magikarp. The game also comes with a handy character stat spinner!

From the game’s itch.io page: “You’re a pokemon, and your friend Magikarp is tired of being uncool and needs your help! Get him a cool surprise to make him feel like a hero instead of a zero. You’ll face other pokemon, a long journey, and maybe even a meowth-shaped hot air balloon with a wobbuffet inside.”
