

[“Were You Paying Attention?!”](#) by [Beth and Angel Make Games](#)

Were You Paying Attention?! is a game about, well, paying attention! It's a reminder that paying attention has a literal cost —focus— and that it's important not to overtax listeners with too much information.

How do you learn that, you ask? By overwhelming your opponents with information, of course! This is a competitive world, and the only way to win is for everyone else to lose, obviously.
