

“[Design Your Destiny](#)” by Jay Cormier and [Fail Faster](#)

***Design Your Destiny: Running Out of Time*** is an interactive time travel story, multiple games and an activity book all wrapped up in one package. Throughout the story you'll be asked to play a game using included components, but each game will be broken in some way. The book then provides insights and guidance on ways you could fix these problems. You'll be asked to implement your own ideas and playtest your version of these games as you try to help our main characters through their story.

**[Attention Teachers & Librarians!!](#)**

You're more than welcome to back this campaign, but we know that's a red tape nightmare for some of you. You can sign up to our list and you could receive a free copy if someone local includes the "Donate a Copy" as an Add-on. We'll do our best to match up the location of the pledge to the location of the school, library, camp, or club! We can't guarantee that you'll get a free copy but we'll do our best to match you up to the closest donor!
